IN RE:  MIDAMERICAN ENERGY COMPANY	DOCKET NO. 199 IAC 33.5
--	-------------------------

**ORDER ACCEPTING MANUAL**

(Issued November 18, 2002)

On August 30, 2002, MidAmerican Energy Company (MidAmerican) filed with the Utilities Board (Board) its updated cost allocation manual for the year ending December 31, 2001. The filing was made pursuant to 199 IAC 33.5. No objections to the updated manual were filed.

The updated manual is in the same format as the prior manual for the year ending December 31, 2000. The manual addresses the information required by 199 IAC 33.5(1)"a" through "j." All of MidAmerican's nonutility activities in Iowa are listed, along with a description and location of those activities. All corporate and administrative functions incidental to the provision of nonutility service are also listed together with an identification of the assets and expenses involved in the provision of nonutility service.

The manual further describes the cost assignment methodology and assignment rational implemented by MidAmerican. The 2001 manual revisions reflect, among other things, that MidAmerican has updated its description of

accounts and records and deleted nonutility activities with which MidAmerican is no longer involved.

The 2001 manual only makes slight revisions to the prior manual. The Board finds the manual to be generally acceptable under the Board's rules and will not schedule an oral presentation pursuant to 199 IAC 33.5(2)"d."

**IT IS THEREFORE ORDERED:**

The cost allocation manual filed by MidAmerican Energy Company on August 30, 2002, is accepted.
